Late Breaking Symposium

Chairs : Hideki Mochizuki
National Hospital Organization Osaka Toneyama Medical Center, Japan
Makiko Nagai
Department of Neurology, Kitasato University School of Medicine, Japan

LB-1 Immune-to-brain communication mediated by circulating extracellular vesicle microRNAs regulates social behavior

Presenter:

Eisuke Dohi

Department of Psychiatry and Behavioral Neurobiology, University of Alabama at Birmingham School of Medicine, Birmingham, AL, USA / Department of Psychiatry and Behavioral Sciences, Johns Hopkins University School of Medicine, Baltimore, MD, USA, / Present address: National Institute of Neuroscience, National Center of Neurology and Psychiatry, Tokyo, Japan

First Authors:

Eisuke Dohi1),2),3),4), Ken Matoba1),4), Phoebe A. Garcia1),4), Jose Francis-Oliveira1),4)

1)Department of Psychiatry and Behavioral Neurobiology, University of Alabama at Birmingham School of Medicine, Birmingham, AL, USA, 2)Department of Psychiatry and Behavioral Sciences, Johns Hopkins University School of Medicine, Baltimore, MD, USA, 3)Present address: National Institute of Neuroscience, National Center of Neurology and Psychiatry, Tokyo, Japan, 4)These authors equally contribute to this work.

LB-2 Early SBMA pathology in iPSC motor neurons uncovers pathogenic neuropeptides as therapeutic targets

Kazunari Onodera

Department of Neural iPSC Research, Institute for Medical Science of Aging, Aichi Medical University, Japan

LB-3 Recombinant Factor VIIa for Intracerebral Hemorrhage within Two Hours of Onset: FASTEST Trial Part 1

Sohei Yoshimura

Department of Cerebrovascular Medicine, National Cerebral and Cardiovascular Center, Suita, Japan

LB-4 TBA

LB-5 A Phase I/II study of ADAR2 gene therapy for sporadic amyotrophic lateral sclerosis

Mitsuya Morita

Rehabilitation Center, Jichi Medical University Hospital, Japan

LB-6 Safety and efficacy of satralizumab in patients with relapsing MOGAD: Phase 3 METEOROID study

Kazuo Fujihara

Department of Multiple Sclerosis Therapeutics, Fukushima Medical University, School of Medicine, and Multiple Sclerosis and Neuromyelitis Optica Center, Southern TOHOKU Research Institute for Neuroscience, Koriyama, Japan
