Classification of Abstracts

Sub-category 2

01	Clinical Study
02	Basic Research

Category1・Sub-category 1

	Category1	Sub-category 1
01	Cerebrovascular disease	Intravascular treatment
		Acute-phase treatment
		Cerebral small vessel disease
		Neuroimaging/ Examination/ Clinical evaluation
		Risk factor/ Biomarker/ Prognosis
		Clinical signs and symptoms
		Epidemiology/ Prevention/ Regional partnership/ others
		Pathophysiology
02	Dementia	Clinical practice
		Neuroimaging
		Pathophysiology
		Alzheimer's disease (Biomarker/ Clinical examination)
		Alzheimer's disease (Treatment/ Cerebral amyloid
		Others
03	Parkinson's disease	Pharmacotherapy
		Surgical Treatments/ Non-Pharmacological Therapies/
		Biomarker
		Biochemistry
		Diagnostic imaging and functional imaging
		Epidemiology
		Pathophysiology
		Others
04	Parkinson's syndrome	Neuropathology
		Neurogenetics
		Treatment, others
05	Dystonia / Involuntary	Dystonia/ Involuntary movement
06	Motor neuron disease	ALS (Clinical practice)
		ALS (Genetic)
		ALS (Pathophysiology)
		ALS (Molecular Pathogenesis: TDP-43 Related)
		ALS (Molecular Pathogenesis: other ALS-Related Mechanisms)
		ALS (Others)
		SMA/ other MND
07	Cerebellar ataxia	SCD (Hereditary spinocerebellar degeneration)
		SCD (Others)
		MSA
		Spastic paraplegia/ Others

	Category1	Sub-category 1
08	Neuroimmunology (CNS, PNS, others)	[CNS] MS (Clinical signs and symptoms)
		[CNS] MS (Pathophysiology)
		[CNS] MS (Treatment, others)
		[CNS] NMO (Clinical signs and symptoms)
		[CNS] NMO (Treatment, others)
		[CNS] Autoimmune encephalitis
		[PNS] GBS
		[PNS] other immune-mediated neuropathies (Vasculitis/ CIDP/
		Others (including Myelopathy)
09	Neuropathy (Hereditary, Metabolic, etc.)	Hereditary neuropathy (CMT/ FAP/ others)
		Metabolic neuropathy/ Acquired neuropathy
		Others
10	Neuromuscular junction disease	MG
		Others
11	Muscle disease	Myotonic dystrophy
		DMD/ BMD/ other muscular dystrophy
		Other muscle disease (Clinical study)
		Other muscle disease (Pathophysiology)
12	Neuroinfection	Viral and bacterial infections
		Non-infectious and delayed-onset disorders
		Other neurological infections
13	Epilepsy	Clinical signs and symptoms
		Diagnosis/ Monitoring
		Treatment, others
14	Headache	Migraine
		Others
15	Sleep disorder	Sleep disorder
16	Pediatric neurology,	Pediatric neurology and Transitional care
17	Neuroscience	Neuroscience
18	Clinical neurophysiology	Clinical neurophysiology
19	Innovative Therapeutics Development and Translational Research	Innovative Therapeutics Development and Translational Research
20	Gene therapy / Nucleic acid	Gene therapy/ Nucleic acid therapeutics/ Regenerative medicine
21	Neurogenetics	Neurogenetics
22	Neuropathology	Neuropathology
23	Neuroradiology/ Functional	Neuroradiology/ Functional imaging
24	Neurorehabilitation, Medical engineering, Medical	Neurorehabilitation(including higher brain function)/ Medical
		Medical treatment for other incurable diseases
25	Neuropsychology	Neuropsychology
26	Medical ethics, Education,	Medical ethics/ Education/ Career development
27	Miscellaneous	Other Neurological problems
		Miscellaneous
